

TA 27 Stål - 27 MHz

Features:

- . CB & 10m Marine antennas
- . Designed to work without Ground Plane
- . Perfect protection against the worst weather conditions
- . Protection from static discharges DC-Ground
- . Provided with stainless steel bracket for an easy installation on mast top
- . Stainless steel hardware
- . TA 27 INOX: 17/7 PH tapered stainless steel whip

Electrical Data

- . Type: 1/4 base loaded
- . Design frequency: 26-28 MHz
- . Impedance: 50 unbalanced
- . Radiation (H-plane): 360° omnidirectional
- . Polarization: vertical
- . Gain: 0 dBd, 2.15 dBi
- . Bandwidth at V.S.W.R. 2:1: 6.7 MHz
- . V.S.W.R. at res. freq.: 1.3:1
- . Max. power: 50 Watts
- . Feed system / Position: Transformer DC-ground / base
- . Connection: UHF-female

Mechanical Data

- . Materials:
TA 27 INOX: 17/7 PH Stainless steel, Nylon, Chromed brass
- . Height (approx.): 1070 mm
- . Weight (approx.): 380 gr
